

Toronto, Ontario: February 11, 2011 - Galway Resources Ltd. (GWY: TSX-V): is pleased to announce the Company has awarded 2.9 million incentive stock options exercisable at \$1.05 per common share to officers, directors, employees and consultants of the Company and expiring on February 11, 2016. This grant of options is in compliance with the terms of the Company's Stock Option Plan and remains subject to the acceptance by the TSX Venture Exchange.

About the Company

Galway Resources is a well capitalized company, primarily focused on the exploration of gold and coal in Colombia. The core focus of the Company is gold exploration in northeast Colombia, with a drill program occurring at the California gold project and a geophysical program occurring at the Vetás gold project, which will be followed by a drill program later in the first quarter. The Company has also reported that drilling occurred in 2010 at the GALCA coal project, which is being managed and funded by Prodeco, the Colombian subsidiary of Glencore. Efforts are underway to secure access from GALCA property owners to move the drill rig to the next set of planned drill holes.

Forward Looking Statements:

Some statements in this news release contain forward-looking information. These statements include, but are not limited to, statements with respect to the completion of transactions, the possibility of coal deposits, future exploration, development and production activities, future expenditures and forecast Colombian coal production. These statements address future events and conditions and, as such, involve known and unknown risks, uncertainties and other factors which may cause the actual results, performance or achievements to be materially different from any future results, performance or achievements expressed or implied by the statements. Such factors include, without

limitation, the timing and success of contemplated transactions and exploration, development and production activities, the realization of coal deposits, the timing and amount of expenditures and actual realized Colombian Coal production. See the “risk factors” set out in Galway’s management’s discussion and analysis files on the SEDAR website.
