1. Nature of Operations

Galway Gold Inc. ("the Company") (was incorporated pursuant to the Business Corporations Act (New Brunswick) on May 9, 2012, and continued to the Province of Ontario on August 11, 2015. The Company's head office is located at 36 Toronto Street, Suite 1000, Toronto, Ontario, Canada, M5C 2C5. The Company was incorporated for the sole purpose of participating in the Plan of Arrangement (the "Arrangement") announced October 19, 2012 involving the Company, Galway Metals Inc., Galway Resources Ltd. ("Galway"), AUX Acquisition 2 S.à.r.l ("AUX") and AUX Canada Acquisition 2, formerly 2346407 Ontario Inc. ("AUX Canada"), a wholly owned subsidiary of AUX. Prior to the close of the Arrangement, the Company did not carry on any active business.

The Company was in the process of exploring the Vetás Project and has not yet determined whether the mineral properties contain mineral reserves that are economically recoverable. The continuing operations of the Company and the underlying value and recoverability of the amounts shown for mineral properties are entirely dependent upon maintaining a license to operate, the existence of economically recoverable mineral reserves, the ability to obtain the necessary financing to complete the exploration and development of the mineral property interests and on future profitable production or proceeds from the disposition of the mineral property interests.

On January 21, 2013, the Company's common shares commenced trading on the TSX Venture Exchange under the symbol "GLW".

On February 24, 2016, the Colombian Constitutional Court (the "Court") has published a ruling, which deemed certain provisions to the National Development Plan (Law 1753) issued in July, 2015, in respect of exemptions to mining operations in areas of Colombia considered to be páramos (high altitude eco-systems) to be unconstitutional. Prior to the Court's new ruling, mining titles issued before 2010, such as Reina de Oro, were allowed to continue to mine. As a result of the Court's new unfavorable ruling, mining in all páramo eco systems throughout the country were declared to be damaging to the páramos and to the water supply. As such, all mining and petroleum operations in the páramos were ordered to stop. Moreover, according to the new ruling, the Company will not be able to transfer title of the Reina de Oro project and the mining permit will no longer be valid. The ruling is currently under appeal, the ultimate resolution of the case is unknown. Based on the underlying uncertainty, the Company recorded an impairment charge of \$895,282 on its Vetás project in its December 31, 2015 audited consolidated financial statements.
