MANAGEMENT INFORMATION CIRCULAR

This Circular is furnished in connection with the solicitation of proxies by management of the Corporation for use at the annual and special meeting (the “Meeting”) of Shareholders to be held at 11:00 a.m. (Toronto time) on June 20, 2018 at the offices of DSA Corporate Services Inc. at 82 Richmond Street East, Toronto, Ontario M5C 1P1, for the purposes set forth in the Notice of Annual and Special Meeting of Shareholders (the “Notice”). References in this Circular to the Meeting include any adjournment(s) or postponement(s) thereof. It is expected that the solicitation of proxies will be primarily by mail, however, proxies may also be solicited by the officers, directors and employees of the Corporation by telephone, electronic mail, telecopier or personally. These persons will receive no compensation for such solicitation other than their regular fees or salaries. The cost of soliciting proxies in connection with the Meeting will be borne directly by the Corporation.

GENERAL INFORMATION RESPECTING THE MEETING

The board of directors of the Corporation (the “**Board**”) has fixed the close of business on May 16, 2018 as the record date, being the date for the determination of the registered Shareholders entitled to receive notice of, and to vote at, the Meeting. All duly completed and executed proxies must be received by the Corporation’s registrar and transfer agent, Computershare Investor Services Inc. (“**Computershare**”), at 100 University Avenue, 8th Floor, Toronto, Ontario M5J 2Y1, Attn: Proxy Department, Tel: 1-866-732-8683 or online at www.investorvote.com, by not later than forty-eight (48) hours (excluding Saturdays, Sundays and statutory holidays in the City of Toronto, Ontario) prior to the time set for the Meeting or any adjournments or postponements thereof.

In this Circular, unless otherwise indicated, all references to “\$” refer to United States dollars. Unless otherwise stated, the information contained in this Circular is as of May 18, 2018.

Voting of Proxies

The common shares in the capital stock of the Corporation (“**Common Shares**”) represented by the form of proxy delivered to registered Shareholders (if the same is properly executed and is received at the offices of Computershare at the address provided herein, not later than 48 hours (excluding Saturdays, Sundays and statutory holidays in the City of Toronto, Ontario) prior to the time set for the Meeting or any adjournment(s) or postponement(s) thereof), will be voted at the Meeting, and, where a choice is specified in respect of any matter to be acted upon, will be voted or withheld from voting in accordance with the specification made on any ballot that may be called for. **In the absence of such specification, proxies in favour of management will be voted in favour of all resolutions described below. The form of proxy confers discretionary authority upon the persons named therein with respect to amendments or variations to matters identified in the Notice and with respect to other matters which may properly come before the Meeting.** At the time of the filing of this Circular, management knows of no such amendments, variations or other matters to come before the Meeting. However, if any other matters that are not now known to management should properly come before the Meeting, the form of proxy will be voted on such matters in accordance with the best judgment of the named proxies.

Appointment of Proxies

The persons named in the form of proxy are officers and/or directors of the Corporation. A Shareholder desiring to appoint some other person, who need not be a Shareholder, to represent him or her at the Meeting, may do so

by inserting such person's name in the blank space provided in the form of proxy or by completing another proper form of proxy and, in either case, depositing the completed and executed proxy at the offices of Computershare, at the address provided herein, not later than 48 hours (excluding Saturdays, Sundays and statutory holidays in the City of Toronto, Ontario) prior to the time set for the Meeting or any adjournment(s) or postponement(s) thereof.

A Shareholder forwarding the form of proxy may indicate the manner in which the appointee is to vote with respect to any specific item by checking the appropriate space. If the Shareholder giving the proxy wishes to confer a discretionary authority with respect to any item of business, then the space opposite the item is to be left blank. The Common Shares represented by the form of proxy submitted by a Shareholder will be voted in accordance with the directions, if any, given in the form of proxy.

To be valid, a form of proxy must be executed by a Shareholder or a Shareholder's attorney duly authorized in writing or, if the Shareholder is a body corporate, under its corporate seal or, by a duly authorized officer or attorney.

Revocation of Proxies

A proxy given pursuant to this solicitation may be revoked at any time prior to its use. A Shareholder who has given a proxy may revoke the proxy by:

- (i) completing and signing a proxy bearing a later date and depositing it at the offices of Computershare;
- (ii) depositing an instrument in writing executed by the Shareholder or by the Shareholder's attorney duly authorized in writing or, if the Shareholder is a body corporate, under its corporate seal or, by a duly authorized officer or attorney either with Computershare at any time up to and including the last business day preceding the day of the Meeting or any adjournment(s) or postponement(s) thereof or with the Chairman of the Meeting prior to the commencement of the Meeting on the day of the Meeting or any adjournment(s) or postponement(s) thereof; or
- (iii) in any other manner permitted by law.

Such instrument will not be effective with respect to any matter on which a vote has already been cast pursuant to such proxy.

Voting by Non-Registered Shareholders

Only registered Shareholders or the persons they appoint as their proxies are permitted to vote at the Meeting. Most Shareholders are "non-registered" or "beneficial" Shareholders ("**Non-Registered Shareholders**") because the Common Shares they own are not registered in their names but are instead registered in the name of the brokerage firm, bank or trust company through which they purchased the Common Shares. Common Shares beneficially owned by a Non-Registered Shareholder are registered either: (i) in the name of an intermediary ("**Intermediary**") that the Non-Registered Shareholder deals with in respect of the Common Shares; or (ii) in the name of a clearing agency (such as CDS Clearing and Depository Services Inc. ("**CDS**")) of which the Intermediary is a participant. In accordance with applicable securities law requirements, the Corporation will have distributed copies, via mail or electronically, of the Notice, this Circular, the form of proxy and a request card for interim materials (collectively, the "**Meeting Materials**") to the clearing agencies and Intermediaries for distribution to Non-Registered Shareholders.

Intermediaries are required to forward the Meeting Materials to Non-Registered Shareholders unless a Non-Registered Shareholder has waived the right to receive them. Intermediaries often use service companies to forward the Meeting Materials to Non-Registered Shareholders. Generally, Non-Registered Shareholders who have not waived the right to receive Meeting Materials will either:

- (i) be given a voting instruction form **which is not signed by the Intermediary** and which, when

properly completed and signed by the Non-Registered Shareholder and **returned to the Intermediary or its service company**, will constitute voting instructions (often called a “**voting instruction form**”) which the Intermediary must follow. Typically, the voting instruction form will consist of a one page pre-printed form. The majority of brokers now delegate responsibility for obtaining instructions from clients to Broadridge Financial Solutions, Inc. (“**Broadridge**”) in Canada and the United States. Broadridge typically prepares a machine-readable voting instruction form, mails those forms to Non-Registered Shareholders and asks Non-Registered Shareholders to return the forms to Broadridge or otherwise communicate voting instructions to Broadridge (by way of the Internet or telephone, for example). Broadridge then tabulates the results of all instructions received and provides appropriate instructions respecting the voting of the Common Shares to be represented at the Meeting. Sometimes, instead of the one page pre-printed form, the voting instruction form will consist of a regular printed proxy form accompanied by a page of instructions which contains a removable label with a bar-code and other information. In order for the form of proxy to validly constitute a voting instruction form, the Non-Registered Shareholder must remove the label from the instructions and affix it to the form of proxy, properly complete and sign the form of proxy and submit it to the Intermediary or its service company in accordance with the instructions of the Intermediary or its service company. **A Non-Registered Shareholder who receives a voting instruction form cannot use that form to vote his or her Common Shares at the Meeting;** or

- (ii) be given a form of proxy **which has already been signed by the Intermediary** (typically by a facsimile, stamped signature), which is restricted as to the number of Common Shares beneficially owned by the Non-Registered Shareholder but which is otherwise not completed by the Intermediary. Because the Intermediary has already signed the form of proxy, this form of proxy is not required to be signed by the Non-Registered Shareholder when submitting the proxy. In this case, the Non-Registered Shareholder who wishes to submit a proxy should properly complete the form of proxy and deposit it with Computershare at 100 University Avenue, 8th Floor, Toronto, Ontario M5J 2Y1, Attn: Proxy Department, Tel: 1-866-732- 8683.

In either case, the purpose of these procedures is to permit Non-Registered Shareholders to direct the voting of the Common Shares they beneficially own. Should a Non-Registered Shareholder who receives one of the above forms wish to vote at the Meeting, or any adjournment(s) or postponement(s) thereof, (or have another person attend and vote on behalf of the Non-Registered Shareholder), the Non-Registered Shareholder should strike out the persons named in the voting instruction form and insert the Non-Registered Shareholder or such other person’s name in the blank space provided. **In either case, Non-Registered Shareholders should carefully follow the instructions of their Intermediary, including those regarding when and where the voting instruction form is to be delivered.**

A Non-Registered Shareholder may revoke a voting instruction form or a waiver of the right to receive Meeting Materials and to vote which has been given to an Intermediary at any time by written notice to the Intermediary provided that an Intermediary is not required to act on a revocation of a voting instruction form or of a waiver of the right to receive Meeting Materials and to vote, which is not received by the Intermediary at least seven (7) days prior to the Meeting.

Non-Registered Shareholders fall into two categories: those who object to their identity being made known to the issuers of securities which they own (“**Objecting Beneficial Owners**” or “**OBOs**”) and those who do not object to their identity being made known to the issuers of the securities they own (“**Non-Objecting Beneficial Owners**” or “**NOBOs**”). Subject to the provisions of NI 54-101, issuers may request and obtain a list of their NOBOs from intermediaries. Pursuant to NI 54-101, issuers may obtain and use the NOBO list in connection with any matter relating to the affairs of the issuer, including the distribution of proxy-related materials directly to NOBOs. The Corporation is not sending Meeting Materials directly to the NOBOs. The Corporation will use and pay intermediaries and agents to send the Meeting Materials and also intends to pay for intermediaries to deliver the Meeting Materials to the OBOs.

EXECUTIVE COMPENSATION

Compensation Discussion and Analysis

The purpose of this Compensation Discussion and Analysis is to provide information about the Corporation’s executive compensation philosophy, objectives, and processes and to discuss compensation decisions relating to the Corporation’s Chief Executive Officer, Chief Financial Officer, and, if applicable, its three most highly compensated individuals acting as, or in a like capacity as, executive officers of the Corporation whose total compensation for the most recently completed financial year was individually equal to more than \$150,000 (the “**NEOs**” or “**Named Executive Officers**”), during the Corporation’s most recently completed financial year, being the financial year ended December 31, 2017 (the “**Last Financial Year**”). The only NEOs of the Corporation during the Last Financial Year were Robert Hinchcliffe, the President and Chief Executive Officer, Robert Suttie, the Chief Financial Officer, Alfonso Gómez Rengifo, Colombia Country Manager and Mari Trowbridge, Vice President of Administration.

Compensation Process

The Corporation does not currently have a compensation committee. The Board, as a whole, reviews matters

relating to the compensation of executive officers of the Corporation. Directors who are also members of management recuse themselves from a meeting, or portion of a meeting, of the Board where such individual's compensation is discussed and abstain from voting in respect of the approval of such compensation.

The Board relies on the knowledge and experience of the directors thereon to set appropriate levels of compensation for senior officers. Neither the Corporation nor the Board currently has any contractual arrangement with any executive compensation consultant who has a role in determining or recommending the amount or form of senior officer compensation.

Principles/Objectives of the Compensation Program

The primary goal of the Corporation's executive compensation program is to attract, motivate and retain top quality individuals at the executive level. The program is designed to ensure that the compensation provided to the Corporation's senior officers is determined with regard to the Corporation's business strategy and objectives and financial resources, and with the view of aligning the financial interests of the senior officers with the financial interests of Shareholders.

Compensation Program Design and Analysis of Compensation Decisions

Standard compensation arrangements for the Corporation's senior officers are composed of the following elements, which are linked to the Corporation's compensation and corporate objectives as follows:

Compensation Element	Link to Compensation Objectives	Link to Corporate Objectives
Base Salary and/or Consulting Fees	Attract and Retain	Competitive pay ensures access to skilled employees necessary to achieve corporate objectives.
Bonuses	Motivate and Reward	Short-term incentives motivate and reward senior officers to increase Shareholder value by the achievement of short-term corporate strategies and objectives.
Stock Options	Motivate and Reward Align interests with shareholders	Long-term incentives motivate and reward senior officers to increase Shareholder value by the achievement of long-term corporate strategies and objectives.

Performance and Compensation

The Corporation is an exploration stage mining company and does not expect to be generating revenues from operations in the foreseeable future. As a result, the use of traditional performance standards such as corporate profitability is not considered by the Board to be appropriate in the evaluation of corporate or NEO performance. The compensation of senior officers is based, in part, on trends in the mineral exploration industry as well as achievement of the Corporation's business plans. The Board did not establish any quantifiable criteria during the Last Financial Year with respect to base compensation payable or the amount of equity compensation granted to NEOs and did not benchmark against a peer group of companies.

Base Salaries and Consulting Fees

The Corporation provides senior officers with base salaries or consulting fees which represent their minimum compensation for services rendered or expected to be rendered. NEOs' base compensation depends on the scope of their experience, responsibilities, leadership skills, performance, length of service, general industry trends and practices competitiveness, and the Corporation's existing financial resources. Base salaries are reviewed annually by the Board.

Bonuses

The Corporation may, in its discretion, award annual incentives by way of cash bonuses in order to motivate executives to achieve short-term corporate goals and encourage continued high standards of performance. The

success of NEOs in achieving their individual objectives and their contributions to the Corporation in reaching its overall goals are factors in the determination of their annual bonus.

Stock Options

The grant of options pursuant to the Corporation’s stock option plan is an integral component of the compensation arrangements of the senior officers of the Corporation. The Board believes that the grant of options to senior officers and Common Share ownership by such officers serves to motivate such officers to strive towards achievement of the Corporation’s long-term strategic objectives, which will benefit all Shareholders. Options are awarded to employees of the Corporation by the Board. Decisions with respect to options granted are based upon the individual’s level of responsibility and their contribution towards the Corporation’s goals and objectives, and additionally may be awarded in recognition of the achievement of a particular goal or extraordinary service. The Board considers the overall number of options that are outstanding relative to the number of outstanding Common Shares in determining whether to make any new grants of options and the size of such grants.

During the Last Financial Year, based on the foregoing factors, the Board no stock options to purchase Common Shares.

Compensation Risk Considerations

The Board is responsible for considering, establishing and reviewing executive compensation programs, and whether the programs encourage unnecessary or excessive risk taking. The Corporation believes the programs are balanced and do not motivate unnecessary or excessive risk taking. The Corporation does not currently have a policy that restricts directors or NEOs from purchasing financial instruments, including, for greater certainty, prepaid variable forward contracts, equity swaps, collars, or units of exchange funds that are designed to hedge or offset a decrease in market value of equity. However, to the knowledge of the Corporation, as of the date of hereof, no director or NEO of the Corporation has participated in the purchase of such financial instruments.

Base salaries are fixed in amount thus do not encourage risk taking. While annual incentive awards focus on the achievement of short term or annual goals and short term goals may encourage the taking of short-term risks at the expense of long term results, the Corporation’s annual incentive award program represents a small percentage of employee’s compensation opportunities. Annual incentive awards are based on various personal and company-wide achievements. Such performance goals are subjective and include achieving individual and/or corporate targets and objectives, as well as general performance in day-to-day corporate activities which would trigger the award of a bonus payment to the NEO. The determination as to whether a target has been met is ultimately made by the Board and the Board reserves the right to make positive or negative adjustments to any bonus payment if they consider them to be appropriate. Funding of the annual incentive awards is capped at the company level and the distribution of funds to the executive officers is at the sole discretion of the Board.

Stock option awards are important to further align employees’ interests with those of the Shareholders. The ultimate value of the awards is tied to the Corporation’s stock price and since awards are staggered and subject to long-term vesting schedules, they help ensure that NEOs have significant value tied in long-term stock price performance.

Director Compensation

The Board determines the level of compensation for directors. The Board reviews directors' compensation as needed, taking into account time commitment, risks and responsibilities to ensure that the amount of compensation adequately reflects the responsibilities and risks of being a director and makes adjustments as deemed necessary.

As of the date hereof, the Board has not adopted a cash compensation program for its directors with respect to general director's duties, meeting attendance, or for additional service on Board committees. However, directors are reimbursed for all reasonable out-of-pocket expenses incurred in attending Board, committee or shareholder meetings and otherwise incurred in carrying out their duties as directors of the Corporation.

Directors may receive option grants as determined by the Board pursuant to the Corporation's incentive stock option plan. The exercise price of such options is determined by the Board, but shall in no event be less than the market price of the Common Shares at the time of the grant of the options.

- (f) An option shall be personal to the Optionee and shall be non-assignable and non-transferable (whether by operation of law or otherwise), except that an option may
- (g) be assigned between a company that is wholly-owned by an Optionee and the Optionee associated with the company.
- (h) An option and all rights to purchase Common Shares pursuant thereto shall expire and terminate immediately upon the Optionee who holds such option ceasing to be an Optionee provided that, in the case of termination of employment not for cause, such option and all rights to purchase Common Shares thereto shall expire and terminate: i) in the case of an Optionee not engaged in investor relations activities, 90 days following notice of termination of employment or on the expiry time, whichever is earlier; and ii) in the case of an Optionee who is engaged in investor relations activities, 30 days following notice of termination to provide such investor relation activities or on the expiry time,

whichever is earlier.

- (i) In the event that an Optionee dies before the expiry of an option, the Optionee’s legal representative(s) may, subject to the terms of the option and the Plan, exercise the option to the extent that the Optionee was entitled to do so at the date of the Optionee’s death at any time up to and including, but not after, a date 12 months following the date of the Optionee’s death or on the expiry time, whichever is earlier.

- (a) was subject to a cease trade order, an order similar to a cease trade order or an order that denied the relevant company access to any exemption under securities legislation, that was in effect for a period of more than 30 consecutive days that was issued while such individual was acting in the capacity as director, chief executive officer or chief financial officer; or
- (b) was subject to a cease trade order, an order similar to a cease trade order or an order that denied the relevant company access to any exemption under securities legislation, that was in effect for a period of more than 30 consecutive days, that was issued after such individual ceased to be a director, chief executive officer or chief financial officer and which resulted from an event that occurred while such proposed director was acting in the capacity as director, chief executive officer or chief financial officer.

No individual set forth in the above table (or any personal holding company of any such individual) is, as of the date of this Circular, or has been within ten (10) years before the date of this Circular, a director or executive officer of any company (including the Corporation) that, while such individual was acting in that capacity, or within a year of that person ceasing to act in that capacity, became bankrupt, made a proposal under any legislation relating to bankruptcy or insolvency or was subject to or instituted any proceedings, arrangement or compromise with creditors or had a receiver, receiver manager or trustee appointed to hold its assets.

Stock Option Plan Approval

The TSX Venture Exchange (“**TSX-V**”) requires all listed companies with a 10% rolling stock option plan to obtain annual shareholder approval of such a plan. Shareholders will be asked at the Meeting to vote on a resolution to reapprove the Plan that was originally adopted by the Corporation on December 17, 2012.

The Plan provides that the Board may from time to time, in its discretion, grant to directors, officers, employees and consultants of the Corporation, or any subsidiary of the Corporation, the option to purchase Common Shares. The Plan provides for a floating maximum limit of 10% of the outstanding Common Shares as permitted by the policies of the TSX-V. As at the date hereof, this represents 16,651,193 Common Shares available under the Plan.

Outstanding options to purchase a total of 11,050,000 Common Shares have been issued to directors, officers, employees and consultants of the Corporation and remain outstanding. As at the date hereof, the number of Common Shares remaining available for issuance under the Plan is 5,601,193. For a brief description of the Plan, please see: “*Securities Authorized for Issuance Under Equity Compensation Plans – Stock Option Plan*”.

The full text of the Plan will be supplied free of charge to Shareholders upon written request made directly to the Corporation at its registered head office located at 82 Richmond Street East Suite 200, Toronto, Ontario, M5C 1P1, Attention: Chief Executive Officer.

Shareholder Approval for the Plan

Shareholders will be asked to consider and, if deemed advisable, to pass an ordinary resolution approving the Plan (the “**Stock Option Plan Resolution**”), which, to be effective, must be passed by not less than a majority of the votes cast by the holders of Common Shares present in person, or represented by proxy, at the Meeting.

The Board recommends that Shareholders vote FOR the Stock Option Plan Resolution. Unless the Shareholder has specifically instructed in the form of proxy or voting instruction form that the Common Shares represented by such proxy or voting instruction form are to be voted against the Stock Option Plan Resolution, the persons named in the proxy or voting instruction form will vote FOR the Stock Option Plan Resolution.

Share Consolidation

Subject to obtaining all required regulatory and Shareholder approvals, including TSX Venture Exchange acceptance, the Corporation will have the authority to amend its Articles to effect a share consolidation of the Common Shares on an up to one (1) for four (4) basis (the “**Share Consolidation**”). The Shareholders will be asked to consider and, if deemed advisable, to authorize and approve a special resolution in the form set out below, approving the Share Consolidation (the “**Share Consolidation Resolution**”). As at the Record Date, the Corporation had 166,511,932 pre-consolidation Common Shares issued and outstanding. If the Corporation proceeds with the Share Consolidation on a maximum one (1) for four (4) basis, the number of post-consolidation Common Shares issued and outstanding will be approximately 41,627,983 (on a non-diluted basis). The Corporation will be permitted without further Shareholder approval to select a lower consolidation ratio if it deems appropriate. Approval of the Share Consolidation by the Shareholders would give the Board authority to implement the Share Consolidation at any time up until the next annual meeting of Shareholders. In addition, notwithstanding approval of the Share Consolidation by the Shareholders, the Board, in its sole discretion, may revoke the Share Consolidation Resolution and abandon the Share Consolidation without further approval, action by, or prior notice to Shareholders.

Effect on Convertible Securities and Warrants

The exercise or conversion price and/or the number of Common Shares issuable under any outstanding convertible securities, including under any outstanding stock options, warrants, rights and any other similar securities will be proportionately adjusted upon the implementation of the Consolidation, in accordance with the terms of such securities, on the same basis as the Consolidation of the Common Shares.

Reasons for the Consolidation

In the opinion of management of the Corporation, the current share structure of the Corporation will make it more difficult or impossible for the Corporation to attract the additional equity financing required to maintain the Corporation or to allow for the acquisition of new projects of merit. A share consolidation may have the effect of raising, on a proportionate basis, the market price of the Common Shares, which could appeal to certain investors that find shares trading above certain prices to be more attractive from an investment perspective. However, implementation of the Share Consolidation is not likely to have an effect on the actual or intrinsic value of the business of the Corporation, the Common Shares or on a Shareholder’s proportional ownership in the Corporation. In addition, a decline in the market price of the Common Shares after the proposed Share Consolidation may result in a greater percentage decline than would occur in the absence of a consolidation and the liquidity of the Common Shares could be adversely affected. There can be no assurance that, if the Share Consolidation is implemented, the Corporation will be successful in receiving increased attention from institutional investors.

The Corporation will not change its name in conjunction with the Share Consolidation.

Implementation of the Consolidation and Procedure for Registered Shareholders

The Share Consolidation is subject to receipt of all required regulatory approvals, including approval from the

TSX Venture Exchange, and the approval by Shareholders at the Meeting. If these approvals are received, the Share Consolidation will be effected at a time to be determined by the Board. Notwithstanding receipt of approvals, the Corporation may determine, at the sole discretion of the Board, not to proceed with the Share Consolidation.

In anticipation of the approval of the Share Consolidation Resolution, a letter of transmittal is being provided to Shareholders with their Meeting Materials (the “**Letter of Transmittal**”). In order to obtain a certificate(s) representing the post-consolidation Common Shares after giving effect to the Share Consolidation, each Shareholder is requested to complete and execute the enclosed Letter of Transmittal and deliver the same to Computershare, together with their Common Share certificates in accordance with the instructions set out in the Letter of Transmittal. The certificates that are surrendered shall be exchanged for new certificates representing the number of post-consolidation Common Shares to which such Shareholder is entitled as a result of the Share Consolidation. No delivery of a new certificate to a Shareholder will be made until the Shareholder has surrendered its existing certificates. Until surrendered, each share certificate representing pre-consolidation Common Shares shall be deemed for all purposes to represent the number of post-consolidation Common Shares (being up to 1/4 the number represented on the old share certificate, assuming a maximum Share Consolidation ratio of 1:4 is implemented, and subject to applicable adjustments as described herein) to which the holder is entitled as a result of the Share Consolidation. In the event that the Share Consolidation is not implemented, all share certificates delivered pursuant to a Letter of Transmittal will be returned to the respective Shareholders. No fractional shares will be issued as a result of the Share Consolidation, and any fraction will be rounded down to the nearest whole number. Accordingly, a fractional share will be disregarded and cancelled without any repayment of capital or other compensation. In addition, after the exchange, Shareholders will have no further interest with respect to any fractional pre-consolidated Common Shares. Management does not expect any Shareholders will be eliminated as a result of the proposed Share Consolidation.

Procedure for Non-Registered Shareholders

Non-registered Shareholders holding the Common Shares through a bank, broker or other nominee should note that such banks, brokers or other nominees may have different procedures for processing the Share Consolidation than those put in place by the Corporation for registered Shareholders. If you hold Common Shares with such bank, broker or other nominee and if you have questions in this regard, you are encouraged to contact your nominee to obtain instructions for processing the Share Consolidation.

Effect on Common Share Certificates

If the Share Consolidation is approved by the Shareholders and implemented by the Board, the Shareholders will be required to exchange their Common Share certificates representing pre-Share Consolidation Common Shares for new certificates representing post-Share Consolidation Common Shares. Accordingly, registered Shareholders have been sent a Letter of Transmittal and are requested to deliver their existing Common Share certificate(s) to the Corporation’s depository, Computershare, 100 University Ave., 8th Floor, Toronto, Ontario M5J 2Y1, Attention: Corporate Actions. The Letter of Transmittal contains instructions on how to surrender Common Share certificate(s) representing pre-Share Consolidation Common Shares to Computershare. Computershare will forward to each registered Shareholder who has sent the required documents a new Common Share certificate(s) representing the number of post-Share Consolidation Common Shares to which the Shareholder entitled.

Shareholders who do not deliver their pre-consolidation Common Share certificates representing pre-consolidation Common Shares and all other required documents to Computershare on or before the sixth (6th) anniversary of the effective date of the Share Consolidation will lose their rights to receive post-Share Consolidation Common Shares in exchange for their existing pre-Share Consolidation Common Shares.

The Board may determine not to implement the Share Consolidation Resolution at any time after the Meeting and after receipt of necessary regulatory approvals, but prior to the issuance of a certificate of amendment, without further action on the part of the Shareholders.

No Dissent rights

Under the Business Corporations Act (Ontario) (the “**OBCA**”), the Shareholders do not have any dissent and appraisal rights with respect to the proposed Share Consolidation.

Shareholder Approval Authorizing the Share Consolidation

Shareholders will be asked to consider and, if deemed advisable, to authorize and approve the Share Consolidation Resolution. Pursuant to the provisions of the OBCA, in order to be effective, the Share Consolidation Resolution must be approved by 66 $\frac{2}{3}$ % of the votes cast in respect thereof by Shareholders present in person or by proxy at the Meeting.

The following is the text of the Share Consolidation Resolution which will be put forward for approval by the Shareholders at the Meeting:

“BE IT RESOLVED AS A SPECIAL RESOLUTION THAT:

1. the Articles of the Corporation be amended to provide that:
 - (a) the authorized share capital of the Corporation is altered by consolidating all of the issued and outstanding common shares of the Corporation on the basis of up to one (1) post-consolidation common share for up to every four (4) pre-consolidation common shares; and
 - (b) any fractional common share arising on the consolidation of the common shares of the Corporation be deemed to have been tendered by its registered owner to the Corporation for cancellation and will be returned to the authorized but unissued share capital of the Corporation;
2. any director or officer of the Corporation be, and such director or officer of the Corporation hereby is, authorized, instructed and empowered, acting for, in the name of and on behalf of the Corporation, to do or to cause to be done all such other acts and things in the opinion of such director or officer of the Corporation as may be necessary or desirable in order to fulfill the intent of this foregoing resolution; and
3. notwithstanding that this resolution has been duly passed by the Shareholders, the Board is hereby authorized and empowered, if it decides not to proceed with this resolution, to revoke this resolution in whole or in part at any time prior to it being given effect without further notice to, or approval of, the Shareholders. If this resolution is passed by the Shareholders, the Board shall have until the next annual meeting of Shareholders to implement the consolidation after which time the consent of Shareholders shall be vitiated.”

The Board recommends that Shareholders vote FOR the Share Consolidation Resolution. Unless the Shareholder has specifically instructed in the form of proxy or voting instruction form that the Common Shares represented by such proxy or voting instruction form are to be voted against the Share Consolidation Resolution, the persons named in the proxy or voting instruction form will vote FOR the Share Consolidation Resolution.

Other Matters

Management of the Corporation knows of no amendment, variation or other matter to come before the Meeting other than the matters referred to in the Notice. However, if any other matter properly comes before the Meeting, the form of proxy furnished by the Corporation will be voted on such matters in accordance with the best judgment of the persons voting the proxy.

STATEMENT OF CORPORATE GOVERNANCE

Board of Directors

The Board and senior management consider good corporate governance to be central to the effective and efficient operation of the Corporation. The Board is committed to a high standard of corporate governance practices. The Board believes that this commitment is not only in the best interest of the Shareholders, but that it also promotes effective decision making at the Board level.

National Instrument 58-101 – *Disclosure of Corporate Governance Practices* (“**NI 58-101**”) defines an “independent director” as a director who has no direct or indirect “material relationship” with the issuer. A “material relationship” is as a relationship which could, in the view of the Board, be reasonably expected to interfere with the exercise of a member’s independent judgment. The Board maintains the exercise of independent supervision over management by ensuring that the majority of its directors are independent.

The Board is currently comprised of five (5) directors being Robert Hinchcliffe, Rafael Solis, Alfonso Gómez Rengifo, Larry Strauss, and Michael Sutton. Messrs. Solis, Strauss and Sutton are independent within the meaning of NI 58-101. Messrs. Hinchcliffe and Gómez are not independent as both Mr. Hinchcliffe and Mr. Gómez are officers of the Corporation, and thereby both have a “material relationship” with the Corporation.

The Board believes that it functions independently of management and reviews its procedures on an ongoing basis to ensure that it is functioning independently of management. The Board meets without management present, as circumstances require. When conflicts arise, interested parties are precluded from voting on matters in which they may have an interest. In light of the suggestions contained in National Policy 58-201 – *Corporate Governance Guidelines*, the Board convenes meetings, as deemed necessary, of the independent directors, at which non-independent directors and members of management are not in attendance.

	Rupert Resources Ltd.	TSX-V
Larry Strauss	Galway Metals Inc.	TSX-V

Orientation and Continuing Education of Board Members

The Board is responsible for providing a comprehensive orientation and education program for new directors which fully sets out:

- the role of the Board and its committees;
- the nature and operation of the business of the Corporation; and
- the contribution which individual directors are expected to make to the Board in terms of both time and resource commitments.

In addition, the Board is also responsible for providing continuing education opportunities to existing directors so that individual directors can maintain and enhance their abilities and ensure that their knowledge of the business of the Corporation remains current.

Ethical Business Conduct

The Board has adopted a written code of business conduct and ethics (the “Code”) to encourage and promote a culture of ethical business conduct amongst the directors, officers and employees of the Corporation. Copies of the Code are available on the Corporation’s website and SEDAR profile. The Board is responsible for ensuring compliance with the Code. The Code was adopted during the fiscal 2012, and there have been no departures from the Code since its adoption.

In addition to those matters which, by law, must be approved by the Board, the approval of the Board is required for:

- the Corporation’s annual business plan and budget;
- material transactions not in the ordinary course of business; and
- transactions which are outside of the Corporation’s existing business.

To ensure the directors exercise independent judgment in considering transactions and agreements in which a director or officer has a material interest, all such matters are considered and approved by the independent directors. Any interested director would be required to declare the nature and extent of his interest and would not be entitled to vote at meetings of directors which evoke such a conflict.

The Corporation believes that it has adopted corporate governance procedures and policies which encourage ethical behaviour by the Corporation’s directors, officers and employees.

Nomination of Directors

In accordance with the Board’s written mandate, the Board as a whole reviews the composition of the Board and its committees and recommends changes, if appropriate, when evaluating potential candidates and proposing nominees.

Compensation

In determining compensation levels for directors and officers, the Board will assess the age, experience and qualifications of the individuals involved and evaluate these factors in light of corporate resources, objectives and performance. No compensation consultant or advisor has been retained by the Corporation to date.

Other Board Committees

Other than the Audit Committee, the Board has a Disclosure and Reserves Committee. The primary function of the Disclosure and Reserves Committee is to assist the Board in recommending the appointment and compensation, and overseeing the work, of an independent qualified person to prepare technical reports in accordance with National Instrument 43-101 – *Standards of Disclosure for Minerals Projects* (“NI 43-101”), and to review the risk identification and approve public disclosures as required by NI 43-101.

Assessments

The Board does not consider formal assessments useful given the stage of the Corporation’s business and operations. However, the chairman of the Board meets annually with each director individually, which facilitates a discussion of his contribution and that of other directors. When needed, time is set aside at a meeting of the Board for a discussion regarding the effectiveness of the Board and its committees. If appropriate, the Board then considers procedural or substantive changes to increase the effectiveness of the Board and its committees. On an

informal basis, the chairman of the Board is also responsible for reporting to the Board on areas where improvements can be made. Any agreed upon improvements required to be made are implemented and overseen by the Nominating Committee. A more formal assessment process will be instituted as, if, and when the Board considers it to be necessary.
