**1. Nature of Operations**

Galway Gold Inc. ("the Company") (was incorporated pursuant to the Business Corporations Act (New Brunswick) on May 9, 2012, and continued to the Province of Ontario on August 11, 2015. The Company's head office is located at 82 Richmond Street East, Toronto, Ontario, M5C 1P1. The Company was incorporated for the sole purpose of participating in the Plan of Arrangement (the "Arrangement") announced October 19, 2012 involving the Company, Galway Metals Inc., Galway Resources Ltd. ("Galway"), AUX Acquisition 2 S.à.r.l ("AUX") and AUX Canada Acquisition 2, formerly 2346407 Ontario Inc. ("AUX Canada"), a wholly owned subsidiary of AUX. Prior to the close of the Arrangement, the Company did not carry on any active business.

On January 21, 2013, the Company's common shares commenced trading on the TSX Venture Exchange under the symbol "GLW".

The Company was in the process of exploring the Vetás Project and has not yet determined whether the mineral properties contain mineral reserves that are economically recoverable. The continuing operations of the Company and the underlying value and recoverability of the amounts shown for mineral properties are entirely dependent upon maintaining a license to operate, the existence of economically recoverable mineral reserves, the ability to obtain the necessary financing to complete the exploration and development of the mineral property interests and on future profitable production or proceeds from the disposition of the mineral property interests.

On February 24, 2016, the Colombian Constitutional Court (the "Court") published a ruling, which deemed certain provisions to the National Development Plan (Law 1753) issued in July, 2015, in respect of exemptions to mining operations in areas of Colombia considered to be páramos (high altitude eco-systems) to be unconstitutional. Prior to the Court's ruling, mining titles issued before 2010, such as the Vetás Project were allowed to continue to mine. As a result of the Court's unfavourable ruling, mining in all páramo eco-systems throughout the country were declared to be damaging to the páramos and to the water supply. As such, all mining and petroleum operations in the páramos were ordered to stop. Moreover, according to the ruling, the Company will not be able to transfer title of the Reina de Oro project and the mining permit will no longer be valid. The ruling is currently under appeal, the ultimate resolution of the case is unknown.

In March 2018, Company engaged in discussions with the Ministry of Commerce and the Agency for the Defense of the State to settle the damages for the loss of the Reina de Oro project. In order to further protect its claim, the Company announced that it filed an application for arbitration under the Canada-Colombia Free Trade Agreement ("FTA") to preserve Galway Gold's rights under the FTA. Discussions between the government and the Company are ongoing.

**2. Accounting Policies (Continued)**

**Basis of Presentation**

These unaudited condensed interim consolidated financial statements have been prepared on a historical cost basis, except for financial instruments which are measured at fair value. In addition, these consolidated financial statements have been prepared using the accrual basis of accounting except for cash flow information.

In the preparation of these unaudited condensed interim consolidated financial statements, management is required to make estimates and assumptions that affect the reported amounts of assets and liabilities, the disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of expenses during the period. Actual results could differ from these estimates.

**Basis of Consolidation**

These consolidated financial statements incorporate the financial statements of the Company and its wholly owned subsidiaries, Galway Resources Vetas Holdco Ltd. (Cayman Islands), Galway Resources Vetas Holdco Ltd. Sucursal Colombia and Galway Gold US Inc. All intercompany transactions, balances, income and expenses are eliminated upon consolidation.

**Accounting Pronouncements Adopted During the Period**

In January 2016, the IASB issued IFRS 16, Leases (IFRS 16). IFRS 16 is effective for periods beginning on or after January 1, 2019, with early adoption permitted. IFRS 16 eliminates the current dual model for lessees, which distinguishes between on-balance sheet finance leases and off-balance sheet operating leases. Instead, there is a single, on-balance sheet accounting model that is similar to current finance lease accounting. The extent of the impact of adoption of IFRS 16 has not yet been determined. The Company adopted this standard on January 1, 2019, resulting in no changes to its March 31, 2019 condensed interim financial statements.

There are no other relevant IFRSs or IFRIC interpretations that are not yet effective that would be expected to have a material impact on the Company.
